

INTERNATIONAL VOLUNTEER (NON-SA RESIDENT) PACKAGE

The Barberton Makhonjwa Mountains contain the best-preserved, oldest and most diverse sequence of known volcanic and sedimentary rocks on Earth. These well-researched outcrops provide a globally unique source of information about the earliest measurable conditions of the Earth's gradually solidifying oceanic crust from 3.5 billion years ago. From these rocks, more has been learned than from anywhere else about the surface processes at work as the Earth cooled from a molten body, to the creation of the primitive biosphere. The reserve, together with surrounding areas, are now listed as a UNESCO World Heritage Site. This validates the area as having outstanding universal value for all humanity. Care for Wild is also home to many different animal and plant species. Volunteers will be learning about wildlife care from leading conservationists.

KINDLY CONTACT US FOR VOLUNTEER PACKAGE COSTS - Email: volunteer@careforwild.co.za

2. WHERE ARE WE SITUATED?

We are based near Barberton, Mpumalanga, South Africa. Due to the rough terrain, small low vehicles will find it difficult to travel on the reserve. We will provide directions once your booking is secured.

3. WHAT TO BRING?

- Facial masks
- Heavy-duty garden gloves
- Hand sanitizer
- Warm jacket
- Torch
- Extra blanket or sleeping bag (If you get cold easily)
- Comfortable working clothes
- Hat or Cap
- Sunscreen
- Appropriate working shoes to work outside (closed shoes such as takkies)
- Water bottle
- Towels
- Personal small first aid kit
- Peaceful sleep to help keep off the ticks and mosquitos
- Reading material for relaxation
- Necessary medication if needed as we are roughly about 30min drive from the nearest hospital
- Snacks for in between meals during the day
- Swimwear

4. WHAT DOES VOLUNTEERING ENTAIL

Care for Wild offers volunteers an experience that few people will ever have; the opportunity to get involved in the fight against rhino poaching and help save this beautiful species from extinction. You will learn the ropes of wildlife rehabilitation by experiencing practical, hands-on work under the supervision of highly trained and knowledgeable Wildlife Professionals. Volunteers do not need any previous experience, but a good level of physical fitness is needed as well as a ‘willing and able’ attitude. Please note that Care for Wild is a rehabilitation centre; it is of utmost importance that visitors understand that the animals’ health and safety come first.

Some of the activities you will take part in are:

Wildlife Rehabilitation Center:

- Feeding of orphaned rhinos
- General running of the center (repairs and maintenance)
- Cleaning cages and bomas
- Preparing food for the animals
- Monitoring rhino behavior and socialization patterns
- Updating animal data records
- Ensuring food is stocked and in supply
- Community work

A TYPICAL WEEK
